

Elevate Elite C.I.C.

Drop-Off & Pick-up

Safety Policy

- All classes other than a child's first taster session are drop-off / pick-up. For both safeguarding and practical reasons, it is not possible to allow parents, siblings etc. to watch training on a regular basis, or without prior arrangement.
- Children in School Years 6 or below to be dropped off and collected at the sports hall door by a parent/guardian. Parent/Guardian to wait outside or in the corridor with their child, until a coach comes to allow children into the sports hall. This will be no more than 5 minutes before the class start time.
- Children in School Years 7+ can be dropped off and collected in the car park. Please drop off no more than 5 minutes before the class start time, and in this case older children can come straight into the hall. If a child goes out to the car park and their parent/guardian has not yet arrived, they must return to the sports hall or corridor until they have.
- Children in School Years 7+ to be allowed to walk or cycle home, or use public transport, if we have written permission from a parent/guardian. An email is sufficient.
- If someone other than their usual parent/grandparent/guardian etc. will be collecting a child, please make us (and your child) aware in advance, so that we know we are sending them home with an authorised person. This can be by email, or if at short notice then please text us using the numbers below.
- If a child will be late to be collected due to unforeseen circumstances, please contact us by text. Calls may not be picked up if we are coaching.
